

Ribbon Salad

4 3oz pkgs different flavors of Jello
½ cup water
2 cups HVF whole or lowfat milk
1 cup sugar
2 pkg unflavored gelatine
2 tsp vanilla
2 cups HVF sour cream

Dissolve unflavored gelatine in ½ cup boiling water, boil milk and sugar in a separate pan. Combine both mixtures then add sour cream and vanilla, beat until foamy. Set aside, but do not refrigerate.

Oil a 13" x 9" pan or round glass bowl. Prepare first color gelatine with 1 cup boiling water, then ½ cup cold water. Pour into pan and refrigerate until set. Pour 1 ½ cups white mixture on top and refrigerate until set. Continue with a different color gelatine, alternating layers with white mixture. The top of the dish should be a colored gelatine layer. Refrigerate until ready to serve.
